

MILWAUKEE M12 Rotary Tool - Skin

Part Number: C12RT-0

Specification

MILWAUKEE M12 Rotary Tool - Skin
Compact, portable and powerful cutoff solution for the professional. Get the power of a corded rotary tool in the M12 Cordless Rotary Tool, which integrates high-performance motor design, optimized electronics and REDLITHIUM-ION battery technology for exceptional power and durability. This compact, versatile tool offers a variable-speed of 5,000-32,000 RPM and a collet that's compatible with all 0.8mm - 3.2mm shank accessories for thousands of cutting, grinding, sanding and polishing solutions. Maintenance contractors, electricians, plumbers and automotive mechanics will find it indispensable for close-quarter cutoff and grinding applications. A variable-speed dial offers fluid control, and the 0.6Kg weight permits hours of comfortable use. Grinder-style exhaust ports and front-bearing protection help this tool exceed performance and endurance expectations. The rotary tool comes with five cutting wheels, a mandrel and wrench.
M12 battery
