

MILWAUKEE M12 Bandsaw - tool only (Blades 18TPI 3 Pack p/n:48390572)

Part Number: M12BS-0

Specification

MILWAUKEE M12 Bandsaw - tool only
(Blades 18TPI 3 Pack p/n:48390572)

At less than half the weight and size compared to a traditional deep cut band saw, the M12 Band Saw provides one-handed power and portability to electricians, maintenance professionals, and other users cutting small diameter materials. The M12 Band Saw weighs only 3.0kg and 300mm in length, making it ideal for overhead or one-handed cutting applications. This powerful saw can cut through 19mm EMT in only 3 seconds, and will get over 150 cuts per charge with the M12 REDLITHIUM-ION 3.0Ah High Capacity battery. With a 41.3mm cut capacity and low vibration, the M12 Band Saw performs clean cuts on the most common small diameter metal cutting applications. The M12 Band Saw also features a dual-latching lower guard that covers the blade outside the active cutting area making the tool suitable for one-handed use. The tool also includes a variable speed trigger, and LED light. Backed by MILWAUKEE's 5-year warranty the M12 Band Saw Skin comes equipped with (1) 18 TPI metal cutting blade. Battery and charger are sold separately with this model. The M12 Sub-Compact Cordless band saw should be used only with MILWAUKEE 48390572 Sub-Compact Portable Band Saw Blades.
