

# Milwaukee M12SLED-0 12V Li-ion Cordless High Output LED Spotlight Torch - Skin Only

Part Number: M12SLED-0

## Specification

Milwaukee M12SLED-0 12V Li-ion Cordless High Output LED Spotlight Torch - Skin Only

Spots Further, Lasts Longer The New M12 HIGH OUTPUT LED SPOT LIGHT gives professionals the most portable, high performance spotlight to illuminate, identify, and diagnose on and off the job site. The M12SLED has a beam distance of 640M, offering the ability to spot objects and areas a long distance away. It has high and a low output modes of operation for long distances, more clarity in closer situations, as well as a strobe mode for safety situations. The M12 HIGH OUTPUT LED SPOT LIGHT can run for up to 4 hours in its high mode with an M12 REDLITHIUM-ION 4.0Ah Battery Pack, and up to 8 hours in low and strobe modes. The M12SLED is impact and water resistant to survive professional use, and it features an impact-resistant lens cover. It's high quality LED never needs to be replaced, and is backed by a limited lifetime warranty.
