

Milwaukee HL-SF Spot/Flood Headlamp

Part Number: HL-SF

Specification

Milwaukee HL-SF Spot/Flood Headlamp
The Spot/Flood Headlamp offers more light options in a compact, lightweight design. These battery-powered headlamps (3 AAA batteries included) deliver 450-Lumens of TRUEVIEW High Definition Output, 100 m spot beam distance and a wide flood beam. The headlamp light gives users up to 25 hours of runtime with five light output modes to optimise runtime, beam type, and brightness. This hard hat light is ready for any application - at a distance or up close. The MILWAUKEE Spot/Flood Headlamp includes four universal hard hat clips for secure connection to all hardhats. The clip on hard hat light is IP52 rated for water and dust resistance and can withstand up to 2 m drops, surviving the toughest conditions, on and off the jobsite. The MILWAUKEE Spot/Flood headlamp light is equipped with a soft, sweat absorbing microfibre strap and forehead pad that provides users with all day comfort when worn on a bare head. This headlamp allows users to direct the pivoting light head into seven adjustable positions. The Spot/Flood headlamp is covered by a limited lifetime warranty.
