

# MILWAUKEE M12 Copper Tube Cutter - Skin

Part Number: C12PC-0

## Specification

MILWAUKEE M12 Copper Tube Cutter - Skin

The industrys first cordless lithium-ion copper tubing cutter cuts up to 10X faster than conventional cutters. Engineered with plumbers, mechanical contractors and builders in mind, this versatile copper pipe cutter runs at 500 RPM. The ultra-efficient gearing allow you to make up to 200 cuts on a single charge. The patent-pending cutting mechanism automatically adjusts diameter to cut copper pipes (OD from to 1-1/8). The unique rotating cutting head cuts installed copper piping with as little as 37mm clearance, and the lightweight, inline design provides a longer reach and reduces wrist strain when youre working in confined spaces. A built-in LED light illuminates the cutting surface. The metal cutting head is corrosion and rust resistant, and sealed for water protection, while electronic overload protection and unibody construction provide additional durability. An onboard, real-time battery fuel gauge helps you monitor the charge precisely, so theres less downtime on the job.

**Shipping Weight** 0.00

## Details

### What's Included:

1 x M12 Cordless Copper Pipe Cutter (Tool only) [C12PC-0]  
(Not included) Battery and charger

**Warranty - 5 Years**
